Aaron Scott Design creates one-of-a-kind as well as commissioned works of functional design including furniture, lighting, and architectural installations. Rooted in art and disciplined by engineering, works by Aaron Scott Design are hand-crafted with mathematical rigor, operating in the interstices of art and design. His furniture explores the relationship between objects and perception, and is informed by his work in conceptual art and filmmaking. He regards his design works as explorations in spatial and temporal concepts.

From his childhood in the forests and mountains of the Pacific Northwest, Aaron Scott has been influenced by the formal complexities found in nature – skeletal systems, plant forms, topography and cellular structure; he has also had a lifelong interest in mathematics, including structural engineering, non-euclidean geometries, rotational symmetries, topology and tensile structures. He approaches each piece as a unique experiment in spatial dynamics.

Aaron Scott studied philosophy at the University of Colorado at Boulder, followed by graduate work in fine art and filmmaking at San Francisco Art Institute. He moved to New York City in 1998 to make art and films. His design practice began when he started making functional objects for friends, artists and galleries, which led to commissions for furniture and lighting. He continues to reside and work in New York City, with simultaneous practices in art and design.

|-------------------------------|--|
| STACKED LAMINATION | Sculpted wood pieces by Aaron Scott Design are built using the process known as 'stacked lamination': solid wood is glued up in stacked layers, and once the desired volume has been built out, carving tools are used to sculpt the final shape. Relying solely on grain direction and proper gluing technique, stacked lamination yields remarkable strength and stability |
| WOOD SELECTION | Aaron Scott Design uses only FSC (Forest Stewardship Council)-certified domestic hardwoods |
| FINISHES | Aaron Scott Design uses WB (Water-Based) stains, low-VOC (Volatile Organic Compound) lacquers, traditional finishing oils (boiled linseed and tung oils), and paste waxes |
| MAINTENANCE & CARE | For pieces finished with lacquer, a warm, wet cloth should be used. For bringing out the shine or cleaning more soiled lacquer surfaces, silicone-based wood cleaners such as 'Pledge' work well. Care should always be taken with lacquer finishes, as they are easily scratched or stained. For oil/wax, the surface can be periodically rejuvenated using a product such as |

SAMPLES, PAYMENT AND SHIPPING

SAMPLES

There is no charge for wood & finish samples (standard options only) so long as samples are returned within 30 days Otherwise a fee of \$75 is charged, which will be deducted from the deposit once an order is placed

PAYMENT

Aaron Scott Design accepts payments by check, paypal and major credit cards. Orders require a 50% deposit, the balance being payable upon delivery

SHIPPING

Within the continental United States: lighting pieces are crated and shipped via UPS Ground; larger furniture pieces are blanket-wrapped and shipped with a white gloves shipper. Please contact Aaron Scott Design for information on international shipping
